

Guest Speaker

Thursday 20th February 5.30pm

**Wolston and Centenary Catchments invites you
to the Pooh Corner Environment Centre
100 Wolston Road Wacol to
Join Reece Pianta presenting
'The Invasive Species Front Line'**

Invasive species as a cause of biodiversity and habitat loss are a primary driver of extinction. Reece Piana is Advocacy Manager at the Invasive Species Council. Reece holds a Bachelor of Science degree from Central Qld University and is an experienced public policy campaigner in both government and non-government roles.

Proudly supported by Brisbane City Council

Dedicated to a better Brisbane
